X-keys® 3 Trigger Switch

XK-A-1229-R

- *Perfect for use with the X-keys USB 3 Switch Interface*
- *Rugged design for Assistive Technology or industrial application*
- *Perfect for timing, prompting, or presentation triggers*
- *Lightweight yet durable*

The X-keys Three Trigger Switches offer a rugged hand held control to work with our X-keys USB Three Switch Interface. Perfect for timing applications, teleprompting control, or live presentations. Wired to a 3.5mm TRRS plug. An optional splitter makes this switch compatible with our X-keys USB 12 Switch Interface.
