X-keys USB 12 SWITCH INTERFACE

Any switch can trigger an action from your computer. Connect up to 12 switches to the X-keys USB 12 Switch Interface and program each switch with a function. Any keyboard shortcut your software uses can have a designated switch (copy, paste, save, open, close). Switches are easily set up to launch applications, open files, or type short lines of text like names, addresses, and account numbers. Switches are connected via Assistive Technology standard 3.5mm (1/8") phone plugs.

- Perfect for Assistive Technology Users
- Great for displays and kiosks
- 6-12 programmable ports
- Programmable Keyboard, Mouse, and Joystick commands
- Easily create your own macros
- Programs in a language every computer user understands: keystroke
